"A Beacon of Hope"

From the District Governor:

I would like to tell you all a story of a family in the 1950's. This woman was raising four children by herself in an era that didn't give much support other than that dreaded word, "welfare".

It was Christmas Eve and the woman was very distraught because she had nothing to provide her children for Christmas. She put the youngsters to bed early promising that Santa would come by their small house that night, knowing in her heart that there would be next to nothing in the morning for the kids to be joyous about. The youngest boy could not sleep so he woke his older brother to stay up for a Santa watch.

But all they could hear was their mom crying for some reason they couldn't understand. Long about eleven o'clock, there came a knock on the door. She opened it slowly not knowing who it might be. She moved back from the door in surprise when this tall, not so fat, Santa came Ho-Ho-Ho-ing into the room. He had a large bag slung over his back full of presents. The two boys were beside themselves with the excitement of seeing Santa coming into their house. His helpers came in with a tree, more presents and food for dinner the next morning.

They all hugged the lady as they left and as the boys watched from the crack in the door their mother knelt and gave thanks to God for what had happened. Well, the youngest boy was me, and the other was my older brother, Fred. I later found out that the men who had come to our home that Christmas Eve were from the local volunteer fire department and had chosen us because of a concerned friend of my mom's.

This is why I am a Lion today, helping to give back to a community that gave me so much when I needed it. Carol and I would like to wish all of you a Very Merry Christmas and a joyous and helpful New Year.

-DG Bill

From PID Eberhard J. Wirfs:

Dear Lion,

I once heard an African proverb that I will forever remember: the best way to help someone in need is to wipe their tears. Lions, we do this every minute of every day! Our hands are helping those in need, and the compassion in our hearts is wiping their tears. One way we are doing this is by improving the health and education of children worldwide.

Just last month, Margit and I were in Ethiopia and Madagascar to help launch our Lions-Measles Initiative pilot programs. In these countries Lions helped vaccinate nearly 10 million children. This is truly sensational!

Did you know that measles is the leading cause of vaccine-preventable deaths in children? Over the next three years, 1.7 million children will likely die from this disease, which also causes blindness. Lions, we can and we must stop this!

At a health center in Imersituska, a rural village in Madagascar, I met Marie Louise Razafindrazanana, who brought her nine-month old son, Patrick, to be vaccinated. She knew all too well the dangers of measles, as she lost her daughter to the disease. I truly felt I was wiping her tears, but she gave me something in return - a smile of hope and gratitude. Her story echoes those that I heard in Ethiopia. But these mothers know that we Lions are giving their children hope for a long, healthy life.

Lions have long been committed to improving quality of life for children. Another way we do this is by improving their education and providing them with vital life skills. In meeting with government officials in both countries, they pledged their full support to the measles program. But they were also very interested in starting Lions Quest in their country.

Like so many other leaders worldwide are realizing, Lions Quest can and should be a key component to improving the general well being of our youth. Government can't do this alone. It takes all of us working together to really make an impact.

Moments like these also make me realize the significance of what our Foundation does for people in need, but there is so much more we can do. Please, Lions, let's continue to give hope to our youth for a healthier and brighter tomorrow by wiping away tears through our Foundation!

With cordial regards,
Eberhard J. Wirfs

Morristown Lions Helps in the Food-on-Foot program

From left to right; Carol Long; Lion Roger Allen; Carolyn Jarnigan; and Morristown Lions Club Vice President Angela Shelton. We gave the Food-on-Foot program \$700 and the program gave us a plaque acknowledging appreciation for our assistance. In the last month we have raised over \$1,500 for them. \$250 came from the Grainger County Ridge Runners Car Club, the Hamblen County Car Club, several personal contributions, and of course, the Morristown Lions Club. We strongly believe in what this program is doing in our community and what these ladies have accomplished in bringing this program to the level it is now. Between them and Daily Bread there are a lot of people in this community who are well fed and cared for each week.
